

Mobile Disc Music

Damon Tedesco

The DJ for all occasions

Do you need a DJ for your event? I have all styles of music designed for listening and dancing. I am available for all parties, weddings, film and television wrap parties and school reunions.

I have many years of experience as a mobile DJ and have performed hundreds of weddings, film industry parties, and corporate events. I throw an amazing party by reading the crowd and choosing great music, *not* by playing "cheesy" games or using embarrassing forceful tactics.

I am incorporated, carry a City of Los Angeles business license, liability insurance and mobile audio gear insurance.

I am a professional music recording engineer and am fanatical about quality gear.
